his manual covers following devices (codes):

W3500101

1.General safety rules

Before first use read the manual carefully and follow the instructions contained therein. The manufacturer is not liable for damage caused by equipment used inappropriately or by incorrect handling.

2.Operation safety

- The stand is used to support the de-crystallisation coil during the honey warming process.
- The device is not intended for use by persons (including children) with limited physical, sensory or mental abilities, or by inexperienced users, unless under supervision or with instructions given by an accountable party.
- This device is not a toy, and shouldn't be used as one. Children should not to play with it.

3.Notes before assembling the stand

Before proceeding with the assembly of the stand, check the number of elements according to the list in point 4a. Provide yourself with a spanner or a ring spanner "10" and an Allen key "6".

4.Instructions for assembling the 250÷480mm de-crystallisation coil stand (see description pt.4a. and fig.1.)

Begin assembly by checking the set of stand components.

- the three legs "1" are screwed onto the tube "2"
- Insert tube "4" and then tube "5" into connector "7".
- Tighten the screws of the connector
- Insert tube "4" into tube "2".
- set the tube with the clamp "5" at the desired height and tighten the knob "8"
